Dear judiciary committee,
There are a lot of pro parts of your bill, but a lot of it is underlined and leaves people misinformed. No one wants to see violence in anyway especially with our children. This bill doesn't focus on gun violence and juvenile crime. It has many things that hurt people that have done the right thing following the law and only makes it harder for them.

I oppose sb16 and hb5416.

I'd also ask you to support sb 388, he 5415, and hb 5412

Thank you,
